Why Doggie Daycare?

There are many reasons for enrolling your dog at our facility. Doggie Daycare not only benefits your dog, it benefits you as well. Here are just a few reasons why you should enroll your dog at Dog Days of Birmingham's Daycare:

- Dogs are social animals. Early and continuous socialization is a must for dogs.
- Your dog enjoys playing with other dogs.
- You are away from the home for long periods of time during the day.
- You would like to own a dog, but don't due to your busy schedule.
- Your dog is very active and gets destructive when left home alone for long periods of time.
- After a long day at work, you don't have the time or energy to properly exercise and play with your dog.
- You have a puppy that you would like to socialize with other dogs and people.

Who Can Join the Fun?

Due to the interaction of our dogs attending daycare and our high safety standards, we only accept appropriate daycare dogs. Factors such as age, breed, history, personality and playstyle, help us to determine whether a dog is an appropriate dog for our facility. Unfortunately, the environment at Dog Days is not suitable for every dog. Some dogs may not be able to handle the highly stimulated environment or may not enjoy the company of an active group of dogs.
